# RODS

## Agility

SEA: The trend with sea anglers these days is to constantly hold their rods - unless they are beach casting - so to help take the strain out of a session we have made this range LIGHTER than ever.

While the materials used in all the rods are top notch - and the blue satin finish is extremely pleasing on the eye - what makes all the models able to stand proudly alongside ones costing £200 or more is the thought and perfect design qualities which have gone into each one.

- Slim Carbon Blank
- Zirconium Oxide Guides (ZOG)
- Engraved Aluminum Reel Seat
- Shrink wrap on key handle areas
- Stunning dark blue satin matt blank finish
- Spigot joints
- High quality rod bag
- Travel rod supplied with cordura tube

## Agility Mx Surf

NEW

Ideal for both clean and mixed rough ground fishing with multiplier reels, this 3-piece equal section, 12'9", fast taper blank features a supple tip for bite detection, but with a powerful mid-section and butt to achieve maximum casting distance with all casting styles. Built from high grade carbon, the blank is light in weight but slim, and carries Zirconium rings, with high grip shrink tube wrap. New for 2016 is the 14ft MX surf version, sure to be a big hit for anglers casting maximum distances with multiplier reels.

- Slim Carbon Blank
- Zirconium Oxide Guides (ZOG)
- Aluminum Reel Seat
- Stunning dark blue satin matt blank finish
- Glazed tip
- High quality rod bag
- Spigot joints
- Shrink wrap on key handle areas

## Agility Sea Tipster

NEW

Featuring a special supple tip section designed to maximize bite indication, this rod is ideal when targeting smaller species from boats, but still has the power in the mid section and butt to fight bigger fish when needed. Its longer 9' length also allows a greater area of seabed to be covered to search out tiny pockets of specific fish when boat match fishing. Equally this rod is at home on the beach or inside estuaries fishing the margins for flounder, school bass and other small species. Designed in 3-equal sections for ease of transportation, the Agility Sea Tipster features quality Zirconium Oxide rings, which are both mono and braid friendly. The new 11 and 14ft Tipsters reflect the modern trend for sensitive and sporting sea rods. The Tipster rods offer all-round versatility for both shore and boat fishing as blanks incorporate a uniquely designed soft tip to maximise visual bite detection, but carry power in the mid section and butt for casting performance.

- Slim Carbon Blank
- Zirconium Oxide Guides (ZOG)
- Aluminum Reel Seat
- Zirconium Oxide Guides (ZOG)
- Spigot Joints
- Sensitive tip

## Sigma

The Sigma coarse range consists of 17 rods covering match, feeder and specialist rods such as pike and Avon models along with the most famous one of all ... the LEGENDARY WAND.

Although the rod - originals are treasured collectors items - was designed for legering for small fish the Wand is now destined to become a magical piece of equipment on commercial venues when targeting F1's or smaller carp. Whatever the species one thing will never change ... it's a proven winner.

All the rods have top of the range guides, quality cork handles and blessed with progressive power for better hook holds and the ability to subdue the hardest fighting fish with ease.

New for 2016 are four commercial rods that will be a great hit with many commercial anglers as they are 2pc, have powerful but progressive actions and the lengths have been carefully designed to allow accurate casting and the faster / easy playing of hard fighting fish.

- Tough carbon composite blank
- Titanium Oxide Guides (TOG)
- Slim handles
- Gunsmoke finish Aluminum reel seat

## Sigma Supra Sea Spin

**NEW**

Designed specifically to be lightweight and slim in diameter, the Sigma Supra spinning rods feature progressively fast taper actions to maximise casting distance, and to work spinners and lures to maximum effect when fishing at long range. Available in lengths of 9ft rated to cast 20/60g, and 10ft rated to cast 60/80g, they target garfish, mackerel, bass and pollack when fishing off beaches, rock ledges, man-made structures, and when boat fishing.

- Lightweight
- Slim diameter
- Progressively fast taper action

## Sigma Supra Boat

NEW

The Sigma Supra boat rods cover all major line classes with the 15lb class ideal for light drift fishing for general species such as flatfish, gurnards, codling, whiting, and lure fishing for reef bass. Use the 20lb class for general drift and downtide fishing targeting rays, tope, huss and reef conger, with the 30lb class rod perfect for big cod, wreck pollack, ling and conger. The uptide rod is designed to cast 6-10ozs away from the boat with the power to fight big fish in fast tides. Designed to be slim in diameter, light in weight, and fitted with quality rings and fittings.

## Sigma Supra Multiplier

A great range of reliable and strong multipliers these reels have been developed in conjunction with our team in the US and have been thoroughly tested on both sides of the Atlantic.

- Rugged one-piece graphite frame and side covers with stainless steel foot
- Synchronized level wind
- Carbon fiber hybrid multi disc drag system
- 2 Ball Bearings
- Stainless steel pinion gear for increased corrosion resistance
- Brass main gear
- Double handles on 15 and 20lb versions
- Rigid power aluminium handle with power knob on 30lb version
- Soft touch handle knobs
- On/off selective bait clicker

## Sigma Supra Front Drag

Sigma Supra reels are back! This famous Shakespeare sub brand is synonymous with quality. They also offer fantastic performance at an amazing price point. Available in a comprehensive range of sizes and in both front and rear drag. They display attractive and distinctive cosmetics with red trim and will prove popular with both fresh and saltwater anglers.
